

Features and Benefits

NoGo Lock

Windows are one of the weakest entry points in the home, so it's good practice to invest in some security for the windows, especially on the ground level

If your windows are externally beaded, an intruder need only remove the window frame panels

to remove the glass and gain entry - quick, smooth and safe for the burglar!

With the NoGo Window Lock the discreet lock is fixed to the inside of the glazed window frame,

securing it and making it impossible for the glass panel to be removed.

- * Quick and easy to install
- * Available satin chrome effect, brushed steel effect, gold, white and antique brass effect.
- * Suitable for wooden or upvc windows.
- * Box Qty: 24no
